| 6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE |
|---|
| Final examination administered by the competent body: <ol style="list-style-type: none"> after completion of dual training in a company and at part-time vocational school (normal procedure) after retraining in a recognized training occupation as an external examination for working people without formal vocational qualifications or persons who have been trained at full-time vocational schools or other vocational training institutions |
| Additional information Entry requirements: Entry requirements are not governed by legislation; as a rule, young people are admitted after completing (nine or ten years of) general education. Duration of training: 3 years. Training in the "dual system": Teaching of the knowledge, skills and competences needed for an occupation is based on the typical requirements of work and business processes and prepares the trainees for a specific job. The training is provided in a company and at part-time vocational school: In the company, the trainees acquire practical skills in a real working environment. On one or two days per week, the trainees attend part-time vocational school, where they are taught general and vocational knowledge related to their training occupation.
