

# INNOVATIVE TVET PRACTICES

## DATA + DIGITAL MICRO-CREDENTIALS

We recovered from Covid like a rocket!

Labour is a significant constraint though → training pipeline disrupted

"short bursts of skills, right now, right here" linear/ non-sequential

Triggers + AI + learning needs | profile identification

AI mentors

"What interests? Problems? questions?"

Their journeys through each unit of competency, and across units

## IDENTIFY new green + digital skills

ERP: **SOFTWARE LICENSES**

Lodging new skills through training, certification, feedback

Rising up in skills: knowledge, practice, employment

Challenges: Teacher + student certification; funding for training; connecting to industry; opportunity →

## internships

centering on user, creating with what you have, collecting data (evidence)

## INTEGRATE these skills into the curricula without need to revise whole curricula

## ACCELERATOR

Female tourism entrepreneurs growing business through digital skills

- Bridging divide
- Customising training
- Applying practically
- Learning with and from peers

## awareness + accessibility

Just a smartphone + typical apps

## IMPLEMENT learners' opportunities to acquire + develop these skills - supporting infrastructure

## ECO CAMPUS

Sustainability as subject, and in attitudes

1. Student-led participatory approach
2. Study deep + green the curriculum
3. Positive impact on community

Different standards vs. Unis because supply chains + materials crucial in TVET (eg. culinary)

## "Everything is interrelated"

- mindsets
- demonstration examples
- influence others

Practices → Habits → Values → DESTINY!

## CLIMATE-FRIENDLY TRAVEL

"Are our grandkids going to freeze or fry?!"

Tourism as a key socio-economic agent of change

champions Registry Services Communities, club

those who embrace sustainability = charge them less?

## THE LAB HOTEL

Future hoteliers x Real guests x hospitality partners

Hotel management school; collab with EHL; connected with SHA merging hotel and school together

Room for innovation + recycling

FUTURE HOTELIER ROOMS

Receiving compliments as well as constructive feedback
